Hi Shyam,

Thanks very much for that, and for the diligent and professional way in which your company operates.

Cheers,  
Rod

Hi Rod and Peter,

Further to our site meeting and further measurements and data search we are pleased to advise the possible infringement at the south west corner has been cleared as per the attached documents.

We trust this will assist your Council application and completion of the construction. I will place the originals including your provided plans in post unless I hear otherwise from you.

Thanks.

Kind regards

**Shyam**

Hi Shyam,

Many thanks for the prompt and efficient way in which you carried out the surveying job on my property at Sunny Brae Crescent, Westmere.

The fact that part of the soffit and eaves of the altered building protrudes through the envelope probably means that I will need to make some alterations, ie not have any eaves for the three or so metres concerned, in order to be able to get a Building Consent.

If I produce a new plan showing these alterations, will you be able to stamp it as complying?

Cheers,

Rod Mead
